Community COVID-19 Testing Clinics Available for All Ages in August Immunizations Also Offered for Those 0-18 Years of Age

The St. Clair County Health Department (SCCHD) in partnership with St. Clair County schools will be offering drive-up COVID-19 community testing clinics throughout August. (These clinics will replace the Tuesday COVID-19 drive-thru clinics held at the health department).

All clinics will be held from 3:00pm to 7:00pm. All ages welcome. PCR testing will be provided by St. Clair County Health Department public health nurses. No antibody testing will be offered. In addition, walk-up immunizations and immunization waivers will also be available for those 18 years of age and under. Those needing to meet back to school requirements, such as entering kindergarten, 7th grade or children needing to get caught up are encouraged to attend a clinic location.

Pre-registration is strongly encouraged for testing and immunization services! Make an appointment online at stclaircounty.org/Offices/health/Covid19.aspx and click "Make an Appointment at a Community Testing Location". Pre-registration can also be done over the phone by calling (810) 987-5300.

No out of pocket expenses for participants, and insurances will be billed.

Dates and locations include:

- **Monday, August 10th:** Landmark Academy, 4800 Lapeer Road, Kimball
- **Tuesday, August 11th:** Marysville High School, 555 E. Huron Blvd, Marysville
- **Wednesday, August 12th:** Capac Jr/Sr High School, 541 N Glassford Street, Capac
