Health Department Offers Health Services on St. Clair County Community College Campus

The St. Clair County Health Department has partnered with St. Clair County Community College to increase on-campus access to health services for students, faculty and staff.

Services include:

- **COVID-19**: NP and/or nasal swab testing; disease investigation; isolation and quarantine guidance

- **Vaccinations**: Administration of ACIP-recommended vaccinations

- **Health Screening**: STI testing and treatment; HIV testing and risk assessment; pregnancy testing and referral; sexual health education; Hepatitis C testing and case management

- **Health Consultations**: Naloxone distribution and consultation; outreach for referrals to community resources; Medicaid application assistance

- **Public Health Presentations**: Assess, inform and educate on current health issues as requested

Clinic staff includes a Registered Nurse and Public Health Technician. Terry Rhody, RN, is a graduate of the SC4 Nursing Program and brings over 30 years of experience. The clinic is located in the Main Building, Room 211 and will be open Monday – Friday during college business hours. For more information, visit www.scchealth.co or call (810) 987-5300. Follow us on social media @scchdmi.
