### DTE POWER OUTAGE PRESS RELEASE NUMBER 6

March 11, 2017

The St. Clair County Emergency Operations Center continues to reach out to local communities to determine their status and needs during the continuing power outage.

The EOC has been advised there is currently one warming center/shelter operating in the county. That warming center is located at Belle River Elementary School, 1601 Chartier Road, Marine City. The center is open until there is no further need.

Home Depot and Lowe's in Fort Gratiot Township and Menards in Port Huron Township are allowing people to charge their medical devices only, during regular business hours.

The EOC will be open until 4:00 this afternoon for those needing information on finding a place to get warm. Call (810) 989-6392 or 211 for information.

We continue to encourage people to check on their neighbors, especially the elderly, during this crisis. Simply knock on your neighbor's door, to see if they are okay. You can also pass on information about warming centers and give them contact numbers in case they have a problem. If it appears your neighbor is in distress, contact the Sheriff's Office or your local police department by calling (810) 985-8115. If it is an emergency situation, call 911.
