**St. Clair County Health Department Supports National HIV Testing Day – June 27, 2018
First 25 people to complete HIV testing will receive a \$5.00 gift card**

June 27 is National HIV Testing Day. Do you know your status? The Centers for Disease Control (CDC) estimates about 1 in 7 people with HIV don't know they have it. This year's theme, **#DoingItMyWay** is a part of the Act Against AIDS initiative, created to build awareness nationally for HIV testing and prevention. The message is that HIV testing should be a part of every adult's health routine to know our status and keep ourselves and our communities healthy.

On June 27 the St. Clair County Health Department will be offering free, confidential, rapid HIV testing on a walk-in basis from 8:00am to 11:00am and 1:00pm to 4:00pm at the main office located at 3415 28th Street in Port Huron. The first 25 people to complete HIV testing on June 27 will receive a \$5.00 gift card. Testing provides accurate information regarding HIV/AIDS, how it is transmitted and how to lower your risk of infection.

For more information about our services and additional testing locations visit our website at www.scchealth.co or call (810) 987-5300. Follow us on social media @scchdmi.
