

The Story of Earth Day

April 22nd is the

when the world celebrates

Day and people get involved

in helping the environment.

Day began in the

when Senator Nelson

realized that it was

2

Start!

taking better care of the planet.

He decided **2** have a special

where everyone could help

2 make the planet

a cleaner and better place

2

live. The

Day was celebrated on

April 22nd in 1970.

In 1990

joined the rest of the world as we celebrated the

international

Day. Now,

only do we celebrate Earth Day, but

also Earth Week and Earth Month!

all across the country show their concern

4

the

by picking up

from school yards or parks, having

+

S

off campaigns and

+ ing

. What will

u

do for the planet this

Day?
