Powerful Tools for Caregivers

This **6-week program** will help you take care of yourself while caring for a relative or friend (no professional caregivers, please). You will benefit from the workshop whether you are helping a parent, spouse, friend or someone who lives at home, in a nursing home, or across the country. Please note that this workshop will not focus on specific diseases or hands-on caregiving for the care receiver.

This workshop will give YOU, the family caregiver, tools to:

- » Help you reduce stress
- » Communicate effectively with other family members, your doctor, paid help
- » Take care of yourself
- » Reduce guilt, anger, and depression
- » Help you relax
- » Make tough decisions
- » Set goals and problem-solve

The workshop covers the following topics:

- Hiring in-home help
- Understanding depression
- Helping memory-impaired elders
- Making decisions about driving
- Making legal and financial decisions
- Making decisions about care facility placement

Upcoming Workshop

Online Zoom Workshop

Wednesdays, January 13 — Feb. 17, 2021 2-3:30pm (EST)
