### **Health Department Announces Updates to COVID-19 Vaccine and Testing Locations Self-Schedule Appointments will be Available**

Effective June 1, 2021, the St. Clair County Health Department will be moving COVID-19 vaccinations and testing appointments back to the Health Department Main Office located at 3415 28<sup>th</sup> Street, Port Huron *and* Teen Health location, 2215 Court Street, Port Huron.

Beginning Monday, May 24 appointments can be self-scheduled at the Main Office location via [www.scchealth.co](http://www.scchealth.co) or by calling the Health Department (810) 987-5300 or the COVID-19 Informational Hotline (810) 966-4163. Vaccine selections will include Pfizer, Moderna and Johnson & Johnson.

For appointments at the Teen Health location call (810) 987-1311.

COVID-19 Vaccination appointments will be offered:

- Monday through Thursday at the Main Office (ages 12 and older) and Teen Health location (ages 12-21)

COVID-19 Testing appointments will be offered:

- Monday through Friday at both locations

Dr. Annette Mercatante, Medical Health Officer for the St. Clair County Health Department stated, "We felt June 1 was the appropriate time to move these services back to the Health Department. We have been at our Marysville testing and vaccine clinic locations for months, and as the demand changes we can now provide these appointments at our own facility."

Another change taking place on Friday, May 21 will be the end to our online pre-registration system. Mercatante explained, "The pre-registration system (Everbridge) is not needed as it once was. Over 30,000 individuals used that system and though not perfect, it helped meet the public's need/demand when the vaccine roll-out was at its peak. We are shifting to an online, self-scheduling appointment system which will be available on our website or people can call to make an appointment."

This is a rapidly evolving situation. Email COVID-19 questions to [covid19@stclaircounty.org](mailto:covid19@stclaircounty.org) or call the informational hotline (810) 966-4163. Visit the website [www.scchealth.co](http://www.scchealth.co) and follow us on social media @scchdmi.
