

# MOST REQUESTED PROGRAMS

FREE

Interactive hands-on learning opportunities brought to the classroom.

Grades  
3-6

## One Drop

Learn how precious fresh water is and what a valuable resource we have in St. Clair County during this hands-on learning experience. Water conservation practices will be taught.

## My Watershed Address

Grades  
2-5

Students learn about local watersheds and discover how Best Management Practices affect local lakes and rivers. Students also participate in an Enviroscape model demonstration.

# Where Stormwater Flows- EVERYTHING Goes

Stormwater picks up and carries debris and pollutants through the storm sewer system. This water makes its way, unfiltered into lakes and streams.

# SCOOP THE POOP

Protect our lakes and rivers.  
Clean up after pets.

#stormwaterkeepitclean

# WORLD WATER DAY

MARCH 22, 2026

**Protect water  
today for a better  
tomorrow!**

**#stormwater  
KEEP IT CLEAN**

**STORMWATER**

KEEP IT CLEAN

# CONSERVE WATER

Approximately  
21% of Earth's  
surface fresh  
water is in the  
Great Lakes.

STORMWATER  
 KEEP IT CLEAN

**EVERY  
DROP  
COUNTS**

**CONSERVE PRESERVE PROTECT**

# DON'T OVER MOW

Grass absorbs stormwater  
best when it is three inches  
long.

*FRIENDS OF THE ST. CLAIR RIVER*

# **STURGEON FESTIVAL 2026**

---

# **VISIT THE STORMWATER TABLE**

---

**JUNE 6, 2026  
10AM-3PM**

**FREE ENTRY  
Ft. Gratiot Lighthouse Park  
Port Huron, MI**

# WASHING THE CAR?

Carwashes capture, clean,  
and recycle water. This is  
better for the environment.

**ST. CLAIR COUNTY  
HEALTH DEPARTMENT**

# Thank You

**It's been another great season for the Beach Program.  
Monitoring will resume May of 2027.**

**ST. CLAIR COUNTY  
HEALTH DEPARTMENT**

Leaves are a natural fertilizer.

# Mulch Leaves

Mow leaves into fine particles and spread evenly thought the yard to add nutrients to the soil and retain moisture.

# **Keep the Great Lakes Unsalted**

**Limit the use of salt and deicers.  
Protect the water today for a  
better tomorrow.**
