**Reportable Disease Update
October 2020**

Date Issued: December 17th, 2020

The Reportable Disease Update has been developed to communicate infectious disease surveillance information to community healthcare professionals. This update will be distributed quarterly to identify and communicate issues, trends in the community, and emerging communicable diseases that can impact our community.

Information Items:

- St. Clair County Health Department along with Michigan Department of Health and Human Services is closely monitoring an outbreak of respiratory illness caused by a novel coronavirus (COVID-19) first identified in the county in early March 2020. For up to date information and guidance go to www.scchealth.co or <https://www.michigan.gov/coronavirus/>

Please see the table on the next page for counts of reportable diseases as of September 2020.
