Are You Ready St. Clair County?

Information is your tool for empowerment! Action is your opportunity for resiliency! You can help decide how much an emergency may impact you and your family. By being ready, the deviation of your daily routine during an emergency, may be significantly less during a power outage, for example. Having a plan, knowing what to do for different incidents, and preparing for variable emergencies will better ready you and your family. Having emergency kits, stocked with essential items for your entire family, including pets, for AT LEAST 72 hours, may help keep your daily routine closer to the norm. Remember, you are now more empowered to take action; to ready you and your family for emergencies. Visit <https://www.stclaircounty.org/Offices/12> where you can find Family Emergency Planning, Resource Library, Business Preparedness Guides, Weather Reports, and so much more!
