Adopt a Beach Clean Up

Save the date! Friends of the St. Clair River is hosting their annual Adopt-A-Beach Clean Up Saturday, September 20 at Lakeside Beach @ 10am. It's an easy, fun way to keep plastic pollution out of the Great Lakes! Info@scriver.org, Rec Dept 810.984.9760

Made in the Mitten

Michigan is the second-most agriculturally diverse state in the country. From cherries and grapes to blueberries and pumpkins, peaches and apples to asparagus and celery (and many, many more), the Great Lakes State is often referred to as the "Mitten of Plenty." Add to that a growing industry focused on locally sourced products such as cheese, poultry, sauces, jams, breads, chocolates and SO much more, and you have a feast just waiting to be devoured.

Michigan is also home to many significant food manufacturers - such as Kellogg's, Better Made Potato Chips, American Spoon Foods, Biggby Coffee, Jiffy Mix and Kowalski meats, just to name a few - that have helped shape Michigan's culture. This program will not only introduce audiences to Michigan's rich foodie and agricultural history but will allow everyone to sample a few Michigan-made products as well!

This program is located at 200 Grand River Ave at the Don Dodge Auditorium. This is the building directly south across the street from the Main Library. Wednesday, September 24th 6:00pm-7:00pm.
